

Linda sees that her favourite band is playing this weekend in Toronto and she wants to go see them! She needs to book her things right away.

① Login Page

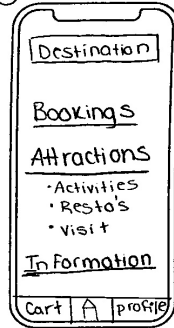

She downloads the super app and signs up with an account

② Home page

She is greeted by the homepage and searches Toronto.

③ Attractions -> Activities

She first wants to book some tickets so goes to attractions -> Activities.

options page for destination

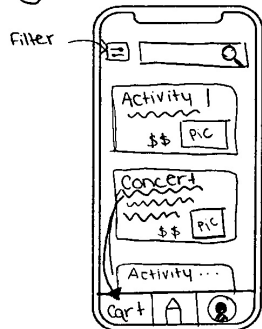

④ Search & Add Basket

⑤ ALERT-weather

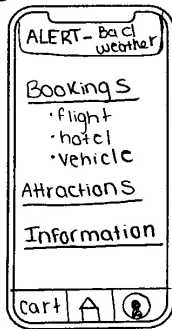

⑥ Book Flight

⑦ Goes to Basket

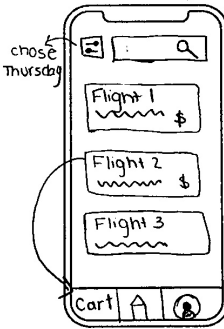

⑧ Pay Success

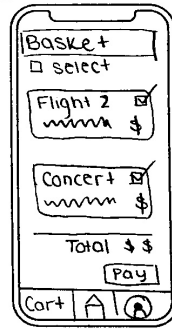

She searches up her concert, clicks the selection and adds her concert to the cart.

As she goes to book her Friday flight, she gets a notification of upcoming bad weather

She decides to fly in Thursday instead and adds the flight to her basket.

She navigates to the basket and selects both of her purchases.

Success! She got her concert ticket and plant tickets all in one place.
